Place of Issue : Semarang, Central Java, Indonesia
Name : Anik Susilawatiningsih
Function : Regulatory Affairs Manager

This Declaration of Conformity relating to Technical Documentation DOC309ABN65175 supersedes the previous Declaration signed 01-December-2021.

Intended Purpose:

Kaio-Dia® Dia-Band Narrow®, arm sleeves are independently developed as universal after market accessories used to provide additional fixation support for a wide variety of medical devices, such as CGM and insulin patch pump, that in their native forms are attached to the skin with an adhesive fixation.

(see attachment **Appendix 1 – List of Supported Product version #3**)

Dia-Bands Narrow® are available in many sizes and various color are non-sterile and may be reused (intended for single patient use only).

The devices are not designed or sold for use other than indicated.
